About Prospectiva

Background

Prospectiva began in 1977 to undertake Engineering Studies and Projects. The business began work in the field of Urban Water Supplies before rapidly expanding into other market segments: Environment, Water resources, Treatment of Drinking Water and Sewerage, Buildings, Transport, Means of Communication, Infrastructure, etc..

In 1988 **Prospectiva** started to work in the Project Management, Coordination and Supervision of Construction Contracts areas. Subsequently, other areas of activity were added: Coordination of Health and Safety, Environmental Management and Professional Training.

Currently **Prospectiva** is an engineering consulting company with over 40 years experience, with approximately 150 professionals and a turnover of € 7 million. Is present in several countries, particularly Algeria, Angola, Benin, Burundi, Brazil, Cape Verde, Cyprus, Equatorial Guinea, Conakry Guinea, Malawi, Mozambique, Morocco, Sao Tome and Principe, Tanzania and Saudi Arabia.

Quality, Environment and Safety

Prospectiva, SA headquartered in Lisbon, has introduced an Organisation Management System which is certified by the SGS - ICS in accordance with ISO 9001 (Quality), ISO 14001 (Environment) and ISO 45001 (Safety).

The system is applied in all work carried on by the company. The scope of the certification extends to the Provision of Services in all Fields of (i) Studies, Projects and Project Management, (ii) Coordination, Supervision and the Quality Management of Contracts and (iii) the Coordination of Health and Safety at Work in Portugal.

Prospectiva, SA is accredited by the National Civil Engineering Laboratory (LNEC) as a General Quality control Manager for Construction contracts. The company is qualified in three fields: (i) Buildings and Monuments, (ii) Means of Communication and Urban Development; and (iii) Water Management.

The company also has National Industrial Safety Credentials, Confidential level / NATO Personal Safety Credentials in SECRETO, NATO SECRET and SECRET U.E. levels which were granted by the GABINETE NACIONAL DE SEGURANÇA (National Safety Office).

Prospectiva, SA have an Office of the Year Award, from the 8th edition of Construir Awards 2015, in the category of Engineering.

Prospectiva, SA have a SME Leader Award (Best Small and medium sized enterprises) in 2018, an initiative of IAPMEI. Prospectiva, SA, already had an Excellence SME Award in 2010 and a SME Leader Award in previous five years. This is another distinction that makes us very proud and reflects all the effort and investment that has been made by the company in order to become a consulting reference in national and international markets.

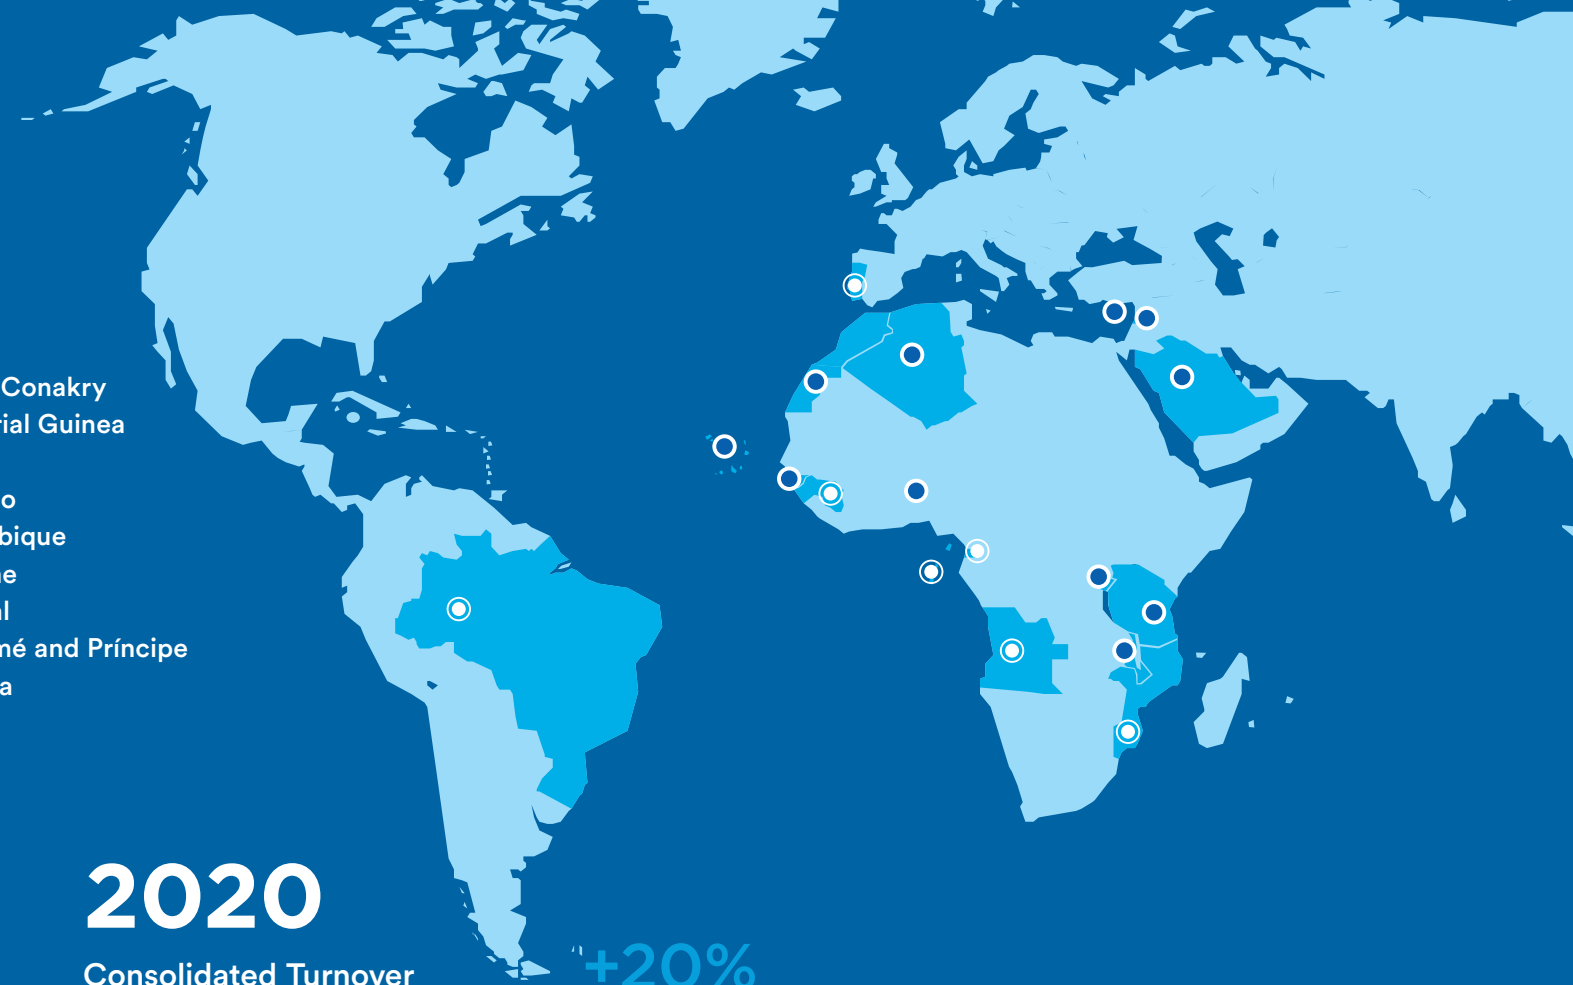

The Team

Prospectiva is certain that its greatest strength is team work. The ongoing evaluation and training of our engineers and the experience acquired over time allows the company to offer an overall engineering solution based upon the profound dedication of its personnel, a rigorous approach and the specialisation of a highly qualified team with access to the latest tools for achieving the highest objectives and needs set by the Customer.
